

Digital Design / BIM Specialist

Reports to: Principal and Principal-led RTA Technology Committee. You will also be assigned a mentor within the RTA staff.

Classification: Exempt

Date: 10/4/2021

Welcome to RTA Architects, a team comprised of seasoned leadership, visionary architects, and dedicated support staff. Since our founding in 1975, RTA Architects has created award-winning architectural and interior designs for the Colorado built environment. We specialize in healthcare, education, retail, and commercial properties, delivering beautiful functional buildings that serve the unique needs of their users and owners. We are proud of our collaborative work ethic, deep community ties, and that the majority of the work we do is with previous satisfied clients.

In your new position as part of the firm's design team, you will expand your craft to support RTA project teams and our consultant teams. Your role will be fast-paced, multi-faceted, and highly engaging. Your primary duties are supporting staff implementing digital design tools and BIM technology across projects and staff. You will also be relied upon for your attention to detail, a proactive positive attitude, and superior communications skills.

From our loft offices in beautiful downtown Colorado Springs, our culture is open and collegial. You'll interact with many teammates and will find yourself engaged by multiple people at the same time. You will be a part of a firm where you will be working with seasoned leadership who truly value mentorship and helping architects expand their skills.

And while you are learning from us, we want to learn from you. You'll provide input to help RTA continually improve our documents and systems and seek to obtain progressively higher-level assignments. Come ready and excited to share your experiences, ideas, and career growth desires with us!

Specifically, the candidate will be responsible for:

- Positive RTA staff relations.
- Assisting the Principals developing and implementing Digital Design tools and strategies.
- Providing data to the Leadership Team for evaluation of budget and implementation strategies related to BIM and digital design tools.
- Assisting the Principal and/or Project Manager in the accomplishment of assigned tasks with the ability to prioritize tasks related to duties.
- Answering questions and giving guidance to staff.
- Developing technical competence of project team members.

- Keeping current on the state of the architectural digital design and BIM through review of periodicals, continuing education through seminars, and participation in professional organization activities.
- Strict adherence to office standards and procedures.

The above duties are typical of the position, but are not all-encompassing. Each person is expected to assist with duties required to deliver a quality product on schedule. Specific job tasks will be delineated in collaboration with assigned RTA Principals as assigned. *Changing the scope of work or deviating from any other part of the agreed upon direction of the digital design and/or BIM requirements requires prior approval from a Principal.*

Qualified applicants must have:

- Bachelor's or Master's Degree of Architecture.
- State of Colorado Architectural License.
- Minimum five (5) years architecture and design visualization experience.
- Superior communication skills to facilitate understanding of RTA digital design tools and BIM implementation.
- Creative thinking ability and excellent problem-solving skills.
- Experience with governmental agencies regarding building codes and zoning ordinances.
- Required skills: deep knowledge of the BIM process and supporting Autodesk Revit, communication, leadership, planning, teamwork, decision-making, judgment, and problem-solving associated with all phases of a project.
- Experience with architectural visualization techniques. Required computer skills include Revit, AutoCAD, Adobe Creative Suite, and MS Office. Experience with Dynamo scripting, Bluebeam, and other Autodesk software is a plus.
- Ability to perform work which requires the consistent exercise of discretion and judgment in its performance.

Typical work hours are 8 am – 5 pm, Monday – Friday. Flexible options may be available based on job responsibility and leadership expectations. Salary dependent upon experience and skills, plus benefits.

To apply, send a PDF or Dropbox link containing your cover letter, resume, and samples of your professional work to employment@rtaarchitects.com. Please include your name and the position 'Digital Design/BIM Specialist' in the subject line.
