

Application for High School Architecture Class

Accepting applications until March 12th, 2021.
Classes start April 1st, 2021.

Name: _____

High School: _____

Grade: _____

Student's Email (please write legibly): _____

Emergency Contact Information

Contact Name: _____

Phone Number: _____

Email: _____

Allergies: _____

Photo Release

RTA Architects wishes to document the process of our High School Architecture Class. No personal information will be given out about the students, but we hope to use photos of the projects and process on our company website and social media.

_____ Yes, I give RTA permission to use photos of my child's work.

_____ No, I'd rather not have my child's work be shared by RTA.

Parent or Guardian Name: _____

Signature: _____

The class is limited to 20 students. Students will be selected based on commitment and availability, grade level and written statement. Sophomores and Juniors are at an ideal point in their college selection process; however, Freshmen and Seniors should not be discouraged from applying. It is RTA's desire to have a diversity of Pikes Peak region high schools represented.

The 2021 version of the class will be unlike previous years because of COVID-19 concerns. Our top priority is to protect participants' health and safety. Class will be held on Thursdays, April 1st – May 6th, from 4 – 6 pm on Zoom, **except for the first class on April 1st**. We will meet outside in a physically distanced manner at the project site, the south end of America the Beautiful park (126 Cimino Drive, Colorado Springs, CO 80903). All attendees must wear a mask or other facial covering even though we will be outside. Disposable masks will be provided if a student does not have their own. Please dress for the weather. If there is severe inclement weather, this first class will be held on Zoom and the in-person meeting will occur the following week, April 8th. Students should monitor their email if the weather forecast is unfavorable.

Presentations will occur on May 6th over Zoom.

Are you available to take the class at this time?

Will you commit to attending every class? Do you have access to a computer or tablet to attend the Zoom conferences?

Do you have transportation to the project site for the first meeting?

What is your favorite building? Who is the architect?

What about architecture inspires or interests you?

To apply for the High School Architecture Class, please fill out the above application and email it to Mitchell Starrs at mitchell@rtaarchitects.com. Applications must be received by end of business day on March 12th. Applicants will be notified of acceptance on March 19th.
